

Ordinance 1961-2

An Ordinance annexing certain areas contiguous to present City of Walton, Kentucky Limits.

WHEREAS, it has been determined by the Walton City Council, that it is necessary in order to provide for the orderly and beneficial growth of said City, and,

WHEREAS, the City Council of the City of Walton, Kentucky deems it necessary and advisable to pass such ordinance annexing such areas contiguous to the present City Limits,

NOW, THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WALTON, KENTUCKY,

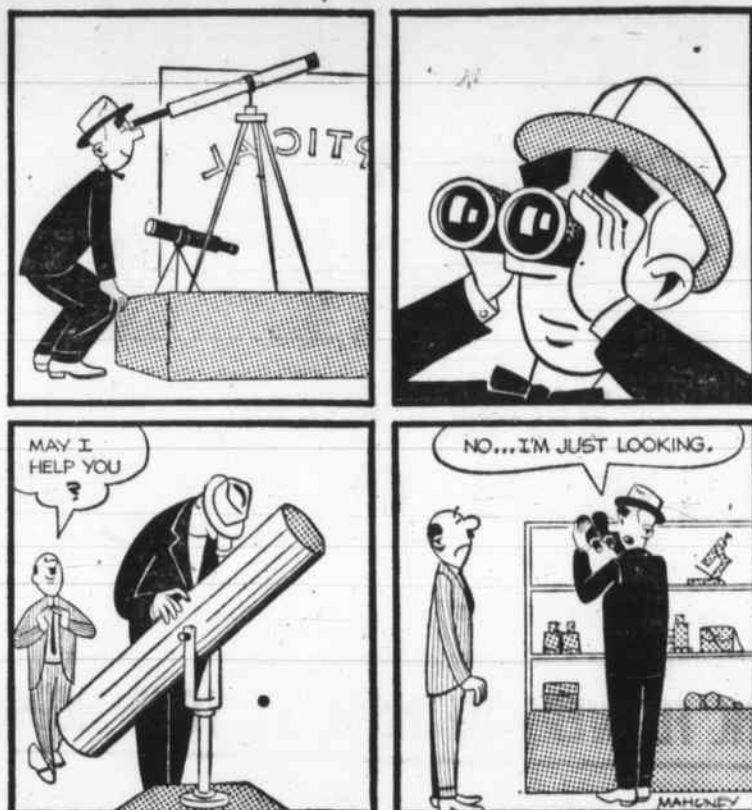

THAT, the area of said annexation shall be the following legal description of annexation boundary for the City of Walton, Kentucky, to-wit:

Lying generally West and contiguous with the Western City limits of the City of Walton and described more particularly as follows:

BEGINNING at a point in the present City line (January, 1961) at the intersection of the centerline of Central Avenue and Stephenson Mill

Road; thence with said City line, Northwest, crossing the Beaver Road, 1050 feet to a point therein; thence continuing with said City line, Northeast, a distance of 1390 feet or sufficient to reach a corner with said said city line in the North line of the Bedinger (Mary A. Yealey) tract; thence therewith N 78-30 W 750 feet, more or less, to the Northwest corner of said tract; thence West at right angles to the Interstate Highway I-75, 1250 feet to a point in the East line thereof; thence South with said East line of said Highway, 350 feet or sufficient to reach the Southwest line of the G. W. Ryan tract; thence Southeast with said line of said Ryan tract 1640 feet, more or less, to a corner of the J. Dance tract; thence Southeast with the East line of said tract 200 feet or sufficient to reach the North line of the Beaver Rural Highway; thence in a westerly direction with said North line of said highway 1050 feet or sufficient to reach a point in the east line of the Interstate Highway I-75; thence with said East line North, 230 feet to a point; thence crossing said highway at right angles thereto, West a distance of 650 feet, more or less, to a point in the North line of the Beaver Rural Highway; thence Southwest, 60 feet to a point in the South line of said Highway; thence with the Southwest line of said highway as relocated and with a curve to the right or West, Southeast a distance of 450 feet to a point in the West line of said highway, as relocated; thence with the West line of the relocated Beaver Rural Highway, South a distance of 3600 feet to a point; thence continuing with said West line, South 1650 feet to a point in the West line of Ky. Hwy. 16 at its original location; thence crossing said highway, South east 60 feet to a point in the East line thereof; thence with the East line of Ky. Highway 16, as originally located, Northeast 600 feet more or less to the West line of the Interstate Highway I-75; thence therewith South 250 feet to a point therein;

Ordinance 1961-3

WHEREAS, it has been determined by the City Council of the City of Walton, Kentucky, that it is necessary in order to provide adequate fire protection and a sufficient water supply to the citizens and residents of the area of the City of Walton, beginning at the end of the present four inch waterline on Beaver Road and running Westwardly along the North side of Beaver Road a distance of 1185 lineal feet or sufficient distance to reach the City limits of said City as now existing:

WHEREAS, the City Council of the City of Walton, Kentucky deems it advisable and necessary to improve the existing water facilities in said city area by the laying of new water mains along said Beaver Road within the described limits.

NOW, THEREFORE BE IT ORDAINED BY THE CITY COUNCIL OF THE CITY OF WALTON, KENTUCKY,

THAT, the route of said proposed improvement shall be on the North side of Beaver Road in the City of Walton, Kentucky, in the area beginning at the end of the existing four inch water main on Beaver Road and running Westwardly along said Road a distance of 1185 lineal feet or sufficient to reach the existing City Limits.

Said improvements shall consist of the laying of a new six inch water line or main together with the necessary fire hydrants or pugs and all necessary connections and fittings appurtenant thereto as specified by the plans of Noel Walton, City Engineer.

Said improvement is hereby declared to be a necessity.

Said improvement is to be paid for by the City for a specified part of the cost and the balance shall be paid by the benefited property owners.

Passed and approved and ordered published by the City Council of Walton, Kentucky, this 27th day of February, 1961.
